TOOLS REQUIRED:

**Supplied
Allen Key**

PICTURE A

1. To install the track mounted screen valance you first need to have installed the system track as show in picture **A**

PICTURE B

2. Next place the top lip of the valance mounting bracket on the top of the system track. Then swing the bottom section into the slot on the lower lip of the system track and snap into place as shown in picture **B**

PICTURE C

3. Once the screen valance is in place on the top of your system track, secure with the supplied Allen bolt and key as shown in picture **C**
