

# Lonestar College System

Texas, USA

**easy**  
does it.®

Known for its innovation and visionary thinking, Lone Star College System is the largest institution of higher education in the Houston area and the fastest growing community college system in Texas. Lone Star College System provides comprehensive educational opportunities and programs to enrich lives.

TeamBoard was selected to foster an environment as innovative and interactive as Lone Star's faculty and people. Lone Star wanted a company that would bring superior product and a total solution that any professor or student could easily adapt into their teaching style and environment. The college had surplus and the wanted to provide students the same level of technology and innovation that they received in their K-12 environment.

Hewlett Packard, a preferred TeamBoard reseller worked closely with Mario Berry, Executive Director, LSC-CyFair, to outfit the Barker Cypress and Fairbank campuses with TeamBoard total power mobiles – each complete with open environment software and fantastic teaching tool that enhance lesson plans and interactivity. TeamBoard Academy provided TeamBoard Essentials 2.0 onsite training sessions that ensure the TeamBoards classroom potential is maximized. In addition, 10 Lone Star team members were trained in the "Train the Trainer" program which certifies them as TeamBoard campus specialists.

The institution had been users of a competitor board for many years but had limited success in adaption. The disciplines currently using fully integrated TeamBoard solutions are; Accounting, Developmental Math, Education, English (Creative Writing), Radiologic Technology and Sonography.

"Overall, I have enjoyed having the TeamBoard in my room. The students like it. It is a great motivator. I am actually an Education teacher so my students need to learn how to use it for themselves someday. That is one of the main reasons why I use it."

"The training on campus (TeamBoard Academy) has been great. I get help whenever I need it..."

"The operation of the TeamBoard is sophisticated....opening up more ways to integrate and enhance lesson plans...."

– Shawn Aykroyd, Teacher, Education,  
Adjunct Faculty, Lone Star College,  
CyFair Campus

TeamBoard believes that technology provides the power for humans to achieve maximum result not inhibit them. TeamBoard is a global leader in creating, manufacturing and supplying cutting edge technology. By combining real-world application, thought leadership and "listening" to our users TeamBoard Solutions provide every instructor, presenter and audience from the Classroom to the Boardroom with the ability to provide more engaging sessions. – Easy does it!
