Features

Benefits

✓ 2x20w (RMS)

> A powerful 2 x 20w amplifier in the master speaker gives you plenty of volume in classroom and training room environments

✓ 3-way full range drivers

> Delivers clear sound with a wide frequency response, with a broad dispersion to ensure your audience gets the message

✓ Classroom-Ready

> Rugged MDF construction, a metal grille and a secure control panel deters vandalism.

✓ Built-In 1:2 USB HUB

> For convenience, the TeamBoard Sound System features a USB hub allowing easy access of a USB port when the PC is not accessible. USB is connected from the PC to the rear of the control panel. USB access is then available on the front of the control panel and on the rear of the master speaker

✓ Cables Included

> 1 x 4m multipin cable to connect the control panel to the master speaker, and 1 x 5m speaker cable to connect the slave speaker to the master speaker.

✓ 3 Stereo Inputs into break-away control panel

> The control panel is connected to the master speaker via one cable. You can mount the control panel to the backbox provided, or into dado trunking or a flush-mount wall box.

✓ Projector Remote Hideaway Slot

> The slave speaker features a handy slot to hide credit card style data projector remote controls.

✓ Scalloped connection panel

> Speakers fit flush to the wall, the TeamBoard Sound System has a hollow section to allow easy connection of cables.

✓ Internal Power

> Comes with 5M figure-8 power cable

✓ Colour-Coded

> The silver speaker bracket is included with a full-arrest safety cable.
